Support & Feedback

Versions

- Currently 1.3
- 6 RCAs currently scheduled for updates
- 1.4 early 2025
- A common update process is being tested
- Low RCA effort
- Expectation is RCAs receive updates within 12 months of release

Feedback

- The standard is guided by feedback from the sector
- There is a common process for receiving improvements
- Some improvements can be implemented without a version release
- Improvements rolled out to all RCAs inside the next release

- AMDS Feedback: amds@nzta.govt.nz
- Network Model Feedback: amdsnetworkmodel@nzta.govt.nz

Insights & Advice

- Review RAMM training needs

- Clean asset data

- Dedicated project teams

- Talk to suppliers

- Work alongside other RCAs

- Share resources, insights
